Texas Enterprise Zone Program

- The Texas Enterprise Zone program is an economic development tool for local communities to partner with the State of Texas to encourage job creation and/or retention and capital investment in economically distressed areas of the state
- Local and state incentives may be provided to qualified businesses that are designated Texas Enterprise Projects
- Projects may be physically located in or outside of an Enterprise Zone
- If located within a zone, the qualified business commits that 25% of their new employees will meet economically disadvantaged or enterprise zone residency requirements
- If located outside of a zone, the qualified business commits that 35% of their new employees will meet economically disadvantaged or enterprise zone residency requirements.

Texas Leverage Fund Program (TLF)

- TLF provides an additional source of financing to communities that have adopted the 4A/4B economic development sales tax
- Communities may leverage their future sales tax revenues to support job creation and retention efforts
- Available for interim, long-term, or gap financing, the TLF provides flexible terms to match the unique needs of communities, with maturities of up to 15 years
- A maximum loan amount of \$5 million

State of Texas Industrial Revenue Bond Program

- The Development Corporation Act allows cities, counties, conservation, and reclamation districts to form non profit industrial development corporations or authorities on their behalf. The purpose is to issue taxable and tax-exempt bonds for eligible projects in the state.

Texas Linked Deposit Program

- Established to encourage lending to historically underutilized businesses, child-care providers, non-profit corporations, and/or small or medium-sized businesses located in an Enterprise Zone

Texas Industry Development Loan Program

- The Texas Small Business Industrial Development Corporation, otherwise known as the Texas Industry Development (TID) Loan Program, provides capital to Texas communities and eligible 501-(C)-3 corporations at favorable market rates
- The program supports eligible tax exempt public purpose projects that stimulate economic development within the community
- The loans are available with low cost variable rate long term financing with the term of the loan not extending beyond the useful life of the assets and up to bond maturity in 2025.

Product Development Program and Small Business Incubator Loan Programs

- The purpose of the Product Development Fund is to provide financing to aid in the development and production, including the commercialization of new or improved products in Texas
- The Small Business Incubator Loan Program provides financing to foster and stimulate the development of Texas small businesses
- Statutory preference is given to products or businesses in the areas of semiconductors, nanotechnology, biotechnology, and biomedicine that have the greatest likelihood of commercial success, job creation and job retention in Texas.

- Provides federally-funded grants to businesses involved in high-tech innovation research and development operations
- Grants of \$50,000 and more are available in a three phase funding cycle:
 - Phase I is the start-up phase. Awards (up to \$100,000 for approximately 6 months) support exploration of the technical merit or feasibility of an idea or technology.
 - Phase II awards (up to \$750,000 for as long as 2 years) expand Phase I results. During this time, the R&D work is performed and the developer evaluates commercialization potential. Only Phase I award winners are considered for Phase II.
 - Phase III is the period during which Phase II innovation moves from the laboratory into the marketplace. No SBIR funds support this phase. The small business must find funding in the private sector or other non-SBIR federal agency funding.
 - To get on the mailing list, call (202) 205-6450 or see the SBA website under SBIR on the Internet.
